

Commitment to Child Safety

At Industry Performing Arts, we are deeply committed to ensuring the safety, well-being, and rights of all children involved in our dance classes. We recognise that children are vulnerable and must be protected from harm, and we are dedicated to creating an environment that is safe, supportive, and responsive to the needs of every child.

We pledge to:

Prioritise Child Safety:

The safety and welfare of children is our highest priority. We will take all reasonable steps to ensure that children are protected from abuse, neglect, and exploitation while in our care.

Foster a Safe Environment:

We will maintain a safe physical and online environment, ensuring that all spaces used by children are secure, well-supervised, and conducive to their well-being. Our policies, procedures, and activities will be designed to promote the safety of all children and prevent any form of abuse or harm.

Adhere to Legal and Ethical Standards:

We will comply with all relevant child protection laws, regulations, and ethical standards in every jurisdiction we operate. We will work in close collaboration with local authorities, child protection agencies, and community partners to ensure that children's rights are upheld and that they are protected from harm.

Promote a Culture of Respect:

We will foster a culture of respect, where all children are treated with dignity and care. Our staff, volunteers, and contractors will receive ongoing training to understand the importance of child safety and to recognise the signs of abuse, neglect, and exploitation. They will act with the highest ethical standards and be held accountable for their conduct.

Implement Safeguarding Practices:

We will ensure that all staff and volunteers undergo thorough background checks and receive appropriate child protection training before working with children. Our safeguarding practices will include clear reporting and response protocols, so that concerns about child safety can be reported and addressed promptly.

Empower Children and Families:

We believe that children have the right to be heard, and we will provide them with safe avenues to express their concerns, ask questions, and seek support. We will engage with families and the wider community to help them understand child safety issues and to empower them to be advocates for the protection of children.

Respond Effectively to Concerns and Allegations:

If any child safety concern arises, we will act immediately and appropriately to ensure the safety of the child involved. We will ensure that allegations of abuse or neglect are investigated thoroughly, and that any child at risk receives the support and care they need. We will work closely with relevant authorities to respond to incidents according to legal requirements.

Commit to Continuous Improvement:

We are committed to continually improving our child safety practices. Our policies and procedures will be regularly reviewed to ensure their effectiveness, and we will actively seek feedback from children, families, staff, and the community to ensure that our approach remains relevant and effective.

We understand that the safety of children is a shared responsibility and that it requires vigilance, ongoing effort, and a collective commitment to do what is best for children. We are dedicated to being transparent, accountable, and proactive in our child protection efforts, and we will ensure that the voices and experiences of children remain at the heart of our work.

Together, we will create an environment where children can thrive - free from harm, supported by caring adults, and empowered to reach their full potential.
